

**Mouth•Mate**<sup>TM</sup>

Pain-free brushing as you heal.

**Mouth•Mate,**

The ideal product to  
protect wounds and sores  
from Extractions, Implants,  
Bone/Soft Tissue Grafts,  
Periodontal Procedures,  
Orthodontics and more.

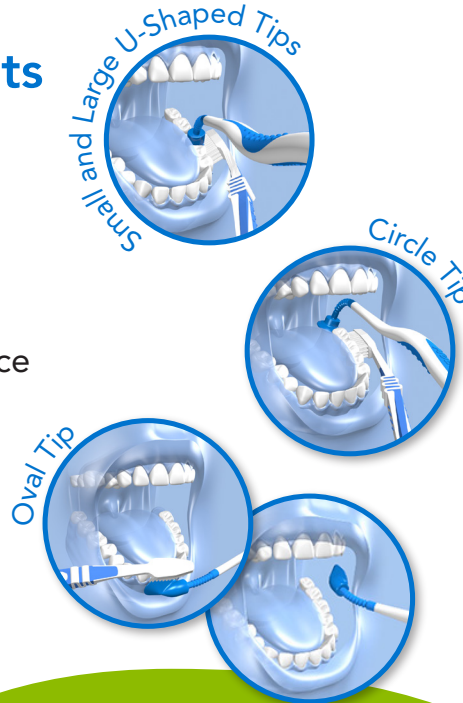

**Mouth•Mate  
is Easy to Use**

At a recent clinical trial  
conducted with 100 patients,  
92% found Mouth-Mate  
easy to use and significantly  
improved their at-home care.

# Mouth•Mate Benefits

## Dental Office Benefits

- Decrease complications and increase healing at home
- Improve recovery after they leave your office
- Strengthen patient compliance and improve outcomes
- Save time and money on un-billable post-op appointments
- Grow referrals with positive patient reviews on social-media

## Patient Benefits

- Pain-free brushing while protecting and not disrupting the surgical site
- Reduce inflammation, infections, and improve healing at home
- Reminder to carefully and thoroughly brush to preserve dental work
- Eliminate fear of brushing near a wound
